The Oregon Extended Assessment (ORExt) is Oregon's statewide alternate assessment for students with the most significant cognitive disabilities and is based on Alternate Academic Achievement Standards aligned to Oregon's grade-level academic content standards. The assessment is administered in accordance with federal and state requirements under the Every Student Succeeds Act (ESSA) and is used for statewide accountability and reporting.

**SECURITY NOTICE:**

These materials are secure and may only be accessed and used during the official ODE-designated testing window. Possession, reproduction, or use of these materials outside the authorized testing period constitutes a **test impropriety** and must be reported in accordance with Oregon Department of Education assessment security requirements.

| Item 1                                                                                             | A    | B    | C    | Correct | Response |
|----------------------------------------------------------------------------------------------------|------|------|------|---------|----------|
| Here are three words. (Point to answer choices.) Which word is ship? (Do not read answer choices.) | ship | sepp | shop | A       |          |

---

| Item 2                                                                                                                                                                                                                                                   | A     | B       | C     | Correct | Response |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|---------|-------|---------|----------|
| Here are three words. (Point to student materials.) I will read sentences to you. Follow along. My mom likes to visit the library. She goes to read books. She likes to read books about plants. Where does my mom like to visit? house, library, books? | house | library | books | B       |          |

---

| Item 3                                                                                                                                                                                            | A     | B      | C    | Correct | Response |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|--------|------|---------|----------|
| Here are three words and sentences for you to read. (Point to student materials and pause for students to read the sentences.) Where do we go after the bell rings? (Do not read answer choices.) | lunch | recess | math | B       |          |

---

| Item 4                                                                                                                                        | A | B | C | Correct | Response |
|-----------------------------------------------------------------------------------------------------------------------------------------------|---|---|---|---------|----------|
| Here are two trees with some apples. (Point to student materials.) There are 8 apples all together. How many apples are on one tree: 4, 5, 6? | 4 | 5 | 6 | A       |          |

---

| Item 5                                                                                                                                                               | A                                                                                   | B                                                                                   | C                                                                                     | Correct | Response |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------|---------|----------|
| Here are three circles with lines. (Point to student materials.) Which circle appears to have a line that divides it in half? (Do not read answer choices.) A, B, C? |  |  |  | A       |          |

**Item 6**

Here is a word problem about Sarah and her fish. (Point to student materials.) Sarah has 2 fish and gets 3 more. How many fish does she have all together: 3, 4, 5?

**A**

**B**

**C**

**Correct**

**Response**

**Item 7**

Here are three expressions. (Point to student materials.) Which expression shows thirty-five minus fifteen? (Do not read answer choices.) A, B, C?

**A**

**B**

**C**

**Correct**

**Response**

**Item 8**

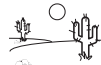

Here is a word for you to trace. (Point to words.) Trace the word ruler.

**Response**

**Item 9**

Here is a whale. (Point to student materials.) Where do whales live: mountain, desert, ocean?

**A**

**B**

**C**

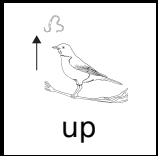

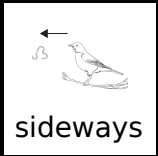

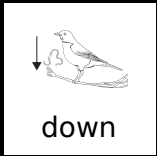

**Correct**

**Response**

**Item 10**

You will copy two words here. (Point to words.) Write the words "come back." (Student receives a point if they write the two words legibly and you know what they are, even though there may be misspellings in the words.)

**Response**

| Item 11                                                                                                                          | A                                                                                       | B                                                                                              | C                                                                                           | Correct | Response |
|----------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------|---------|----------|
| Here is a bird. (Point to student materials.) If a bird drops a worm, which direction will gravity force it: up, sideways, down? | <br>up | <br>sideways | <br>down | C       |          |

| Item 12                                                                                          | Response |
|--------------------------------------------------------------------------------------------------|----------|
| You will write a sentence here. (Point to lines for writing.) Write the words "Go to sleep now." |          |

**Item 1**

|      |      |      |
|------|------|------|
| ship | sepp | shop |
|------|------|------|

## Item 2

My mom likes to visit the library. She goes to read books. She likes to read books about plants.

Where does my mom like to visit?

house

library

books

**Item 3**

First, the bell rings. Then we line up and go to recess.

Where do we go after the bell rings?

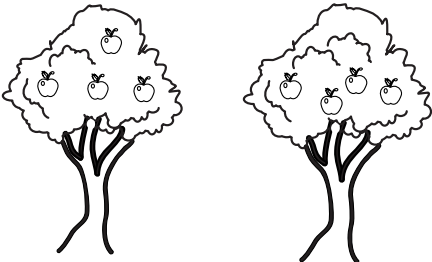

lunch

recess

math

Item 4

How many apples are on one tree?

$8 \div 2 = \underline{\hspace{2cm}}$

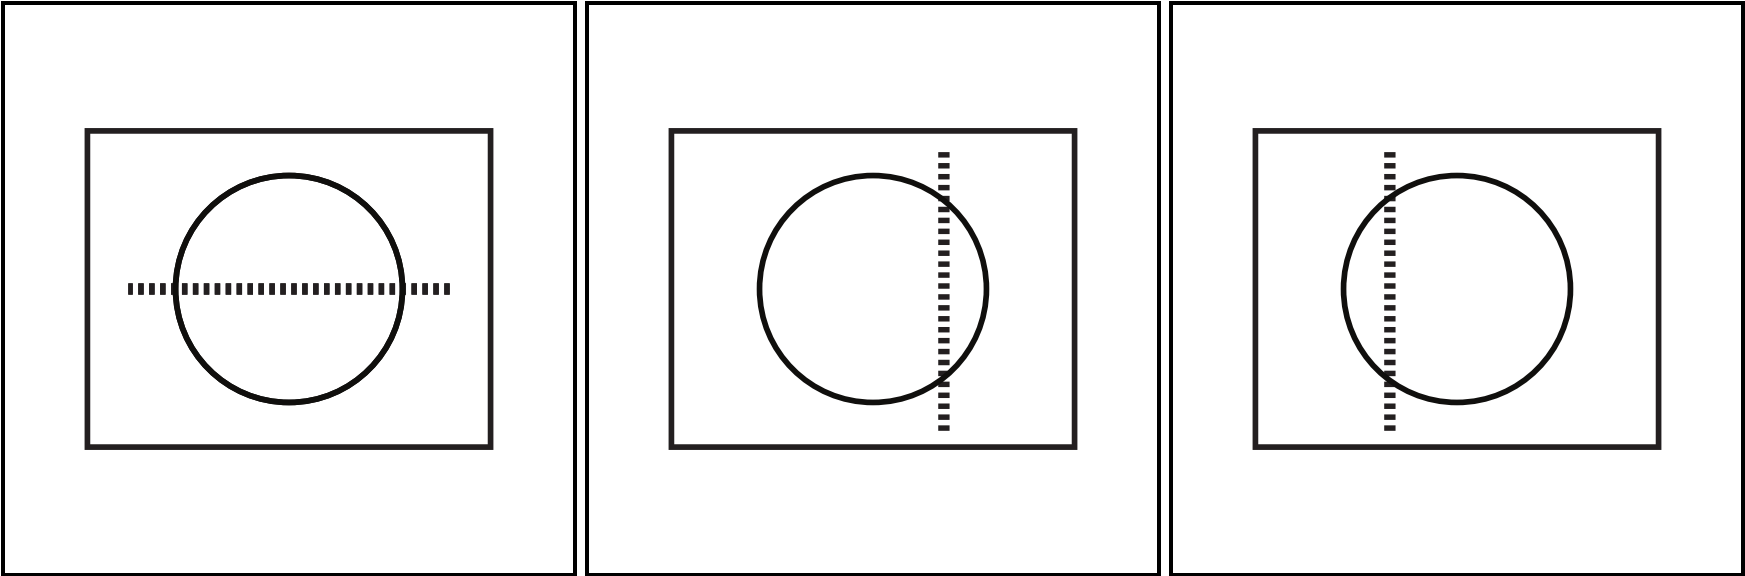

4

5

6

**Item 5**

Which circle appears to have a line that divides it in half?

**Item 6**

Sarah has 2 fish and gets 3 more.

$$2 + 3 = \underline{\quad}?$$

How many fish does she have all together?

3

4

5

**Item 7**

Which expression shows thirty-five minus fifteen?

$$35 - 15$$

$$35 + 15$$

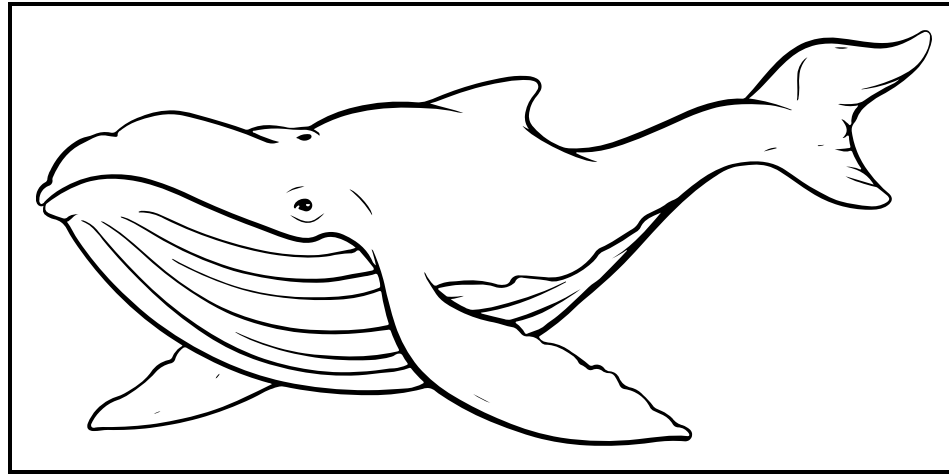

$$30 - 5$$

Item 8

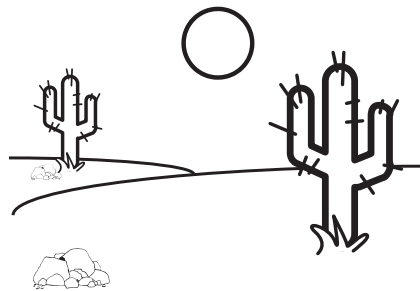

ruler

**Item 9**

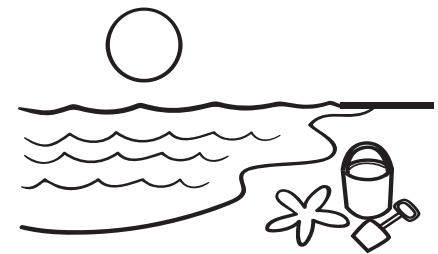

Where do whales live?

mountain

desert

ocean

**Item 10**

come back

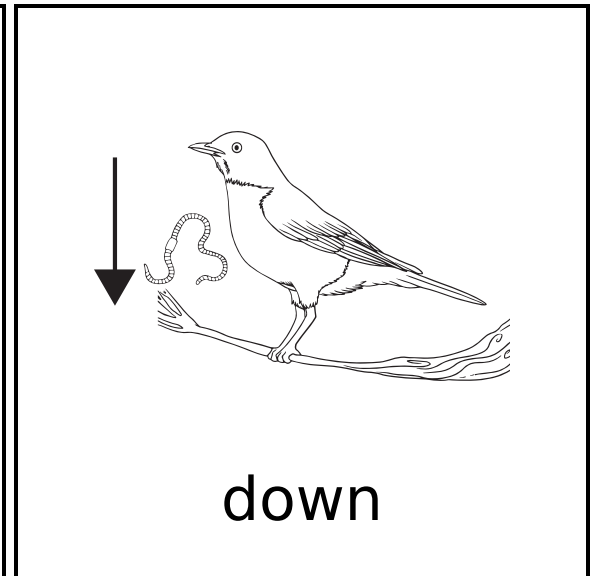

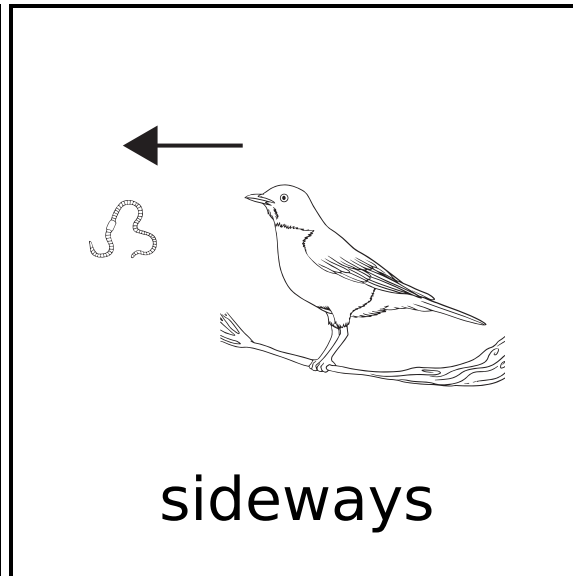

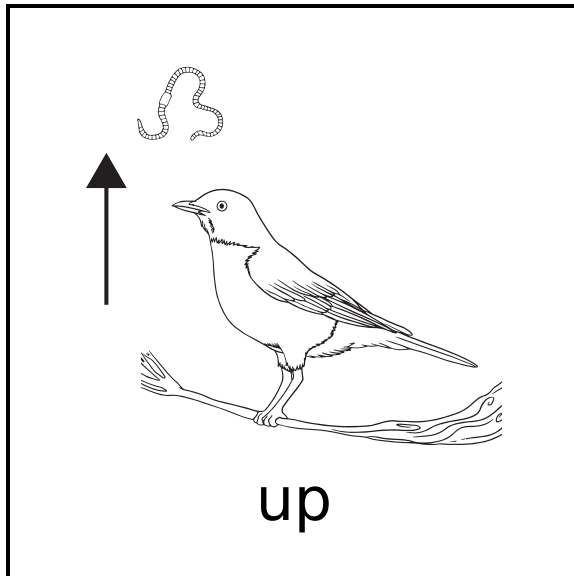

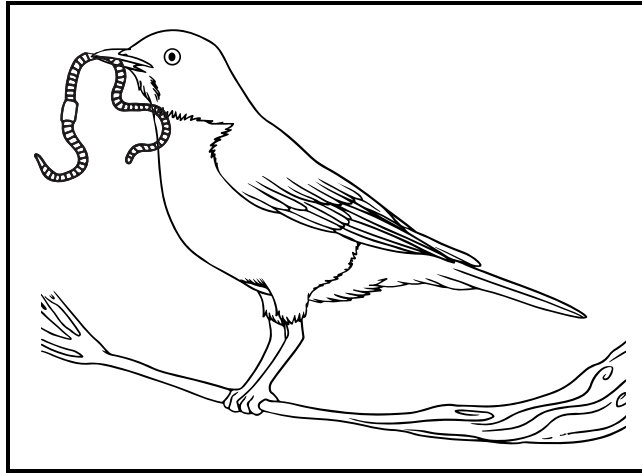

---

---

---

**Item 11**

If a bird drops a worm, which direction will gravity force it?

### Item 12

A blank handwriting practice line. It consists of three horizontal lines: a solid top line, a dashed middle line, and a solid bottom line. These lines are contained within a rectangular border.
